Protect with Penkote

Penkote is a versatile rust preventative that's suitable for any metal or surface. The low-viscosity formula will effectively penetrate crevices and pores, creating a protective barrier in the form of a thin, non-gumming film. And it will last up to 12 months when used indoors.

Falcon Pd Synchronous Belts

Falcon Pd synchronous belts are a 8mm and 14mm convenient "drop-in" replacement belt for competitive polyurethane belts that fit current sprockets. Flexible rubber construction and design provides better resistance to flex fatigue and exceptional tensile strength for solid performance.
