*New, Improved, ...**High Modulus**... Rubber Wheels!
...Up to 550 lbs Capacity
... Sealed 6204 Precision Bearing*

These High Modulus "Donut" wheels offer extreme resiliency and mobility. Soft tread (65-A) wheels deliver a quiet cushion ride, even on rough or uneven floor surfaces. The crowned "donut" tread design, on aluminum core, offers swiveling ease with minimum friction. The Sealed 6204 larger precision bearings offer ease of push-pull, and maintenance free application.

<u>Wheel Dimension</u>	<u>Tread Width</u>	<u>Bearing</u>	<u>Bearing Bore</u>	<u>Hub Length</u>	<u>Load (Lbs)</u>	<u>Part Number</u>
6"	1 ¾"	6204 Precision	½"	1 ¾"	350	BCW62PB ½
8"	2 ¼"	6204 Precision	½"	2 ¾"	450	BCW82PB ½
10"	2 ¼"	6204 Precision	½"	2 ¾"	550	BCW102 PB ½

Note: Also available in Grey Rubber Tread: Add suffix '-G' to part number
